

Detroit Coordinated Entry System

Quarter 4 Report | October 1 – December 31, 2025

CAM Detroit serves as the Coordinated Entry System for homelessness assistance. CAM does not directly offer housing assistance, but rather provides a single process to access the assistance provided by a number of community partners. It is not an organization or program. It is a system within Detroit's Continuum of Care (CoC) that is currently implemented by the agencies: Homeless Action Network of Detroit, Wayne Metro Community Action Agency, and Community & Home Supports (CHS).

This report details the operational performance of Coordinated Entry from October 1 to December 31, 2025. Data has been selected to provide insight into homelessness and our community-wide response to it.

Detroit Housing Resource Helpline

As of 9/1/2023, CAM partnered with the Detroit Housing Services Helpline to screen Detroit residents for other potential housing resources outside of what CAM refers to. These services could include assistance with collecting vital documents, assistance with finding and applying to housing, move-in costs, and employment assistance.
